

Weight (excl. mattress)	80 kg
Width (max)	1115 mm
Length (max)	2095 mm
Mattress size (l x w)	2000 x 800 mm
Mattress recommended thickness	130 mm
Fabric required	1,5 x 4,5 m

All SBA beds are manufactured of first class material, design and craftsmanship to meet requirements specific for marine conditions: non-combustibility, economy of space and weight, durability, easy handling by personnel as well as passengers and easy care.

Our products are tailor-made for each specific project.

The wall mounted sofa bed, is to be mounted to the wall, with no support from the floor. Because of this, the sofa bed can be mounted in pre-fabricated cabins already at the cabin factory. Should the sofa bed be installed in cabins without a reinforced wall, e.g. in refit projects, it can also be supported from the floor.

The seat of the sofa bed can be lifted upwards in a sloping position, which makes cleaning below the bed easy. The standard sofa bed has no armrests, but it can be furnished with armrests/gables of varying design.
