

Weight (excl. mattress)	approx.. 110 kg
Width (max)	W+281 mm
Length (max)	L+256 mm
Mattress size (w x l), according to spec.	900 x 2100 mm
Mattress recommended thickness	120 mm
Opening in ceiling (w x l)	W+231 x L+214 mm

SBA manufactures and supplies a wide range of high-quality B-15 and B-0 classified ceiling pullman beds for the maritime industry. The basic material of pullman beds is steel. The edges are always painted, but the bed bottom can be either painted, PVC-coated or coated with a decorative print. The range of colors or patterns available offers the interior decorator numerous alternatives to create the right atmosphere.

All SBA beds are manufactured of first class material, design and craftsmanship to meet requirements specific for marine conditions: non-combustibility, economy of space and weight, durability, easy handling by personnel as well as passengers and easy care.

Our products are tailor-made for each specific project.
