

Weight (excl. mattress)	87 kg
Mattress size length	2000 mm
Mattress size width	800 mm
Mattress recommended thickness	120 mm
Fabric required	approx. 4,5 m/sofa

All SBA beds are manufactured of first class material, design and craftsmanship to meet requirements specific for marine conditions: non-combustibility, economy of space and weight, durability, easy handling by personnel as well as passengers and easy care.

Our products are tailor-made for each specific project.

On board ferries there is a need of practical sofa beds for passenger cabins. To meet this need SBA designed a sofa bed with a new innovative bearing solution.

The bedclothes, including an overlay mattress, are stored inside the backrest during the day, while the bed can be used as a sofa. The bedding can easily be released from the backrest for making the bed for the night.
